Kindly let me know
where I may dispose of old coins?

I would also like to know the value
of a gold 25 cent piece?

I will appreciate any information
you care to give me on the subject.

Dear Madam:

In reply to your enquiry of April 26th

I beg to state that the 25 cent gold piece of which
you speak is not a Government coin but a charm made
in California.

I take pleasure in enclosing a list of
coin dealers with whom you may be glad to get in
touch.

Very truly yours,

Curator
